

Frezzi SunLight 2 Portable Field Light — your ultimate lighting companion for broadcast news, sports, and field production. Boasting 4 high-powered LED elements, it matches the output of an 800W HMI light, establishing itself as one of the most potent lights available.

- **Peak Brightness, Minimal Weight:** The SunLight 2 shines as the brightest 5500K and lightest in its size and power class with a smooth native 30° beam angle.
- **Versatile Power Options:** Operate with ease using just 2 broadcast batteries, ensuring DC operability for flexibility in the field or with an AC Power Supply.
- **Built to Endure:** Weather-proof and ruggedized, this light is crafted to withstand the harshest conditions, making it your reliable companion in any environment.
- **Effortless Setup and Breakdown:** With a design prioritizing speed, enjoy swift setup and breakdown, streamlining your production workflow.
- **Cool Performance:** Experience a heat-free operation, eliminating concerns about handling and waiting for unit cool-down before packing.
- **Color Accuracy:** Achieve true-to-life visuals with a high CRI of 94 at 5500K, ensuring your content is vibrant and authentic.
- **Efficient Power Consumption:** Despite its potency, the SunLight 2 operates at just 220 Watts, providing exceptional output with minimal power consumption.
- **Ultra-Light Design:** Weighing in at a mere 6.5 pounds, this portable powerhouse offers unparalleled performance without compromising on mobility.
- **Customize Your Lighting:** Tailor your illumination with available accessories like barn door, soft-boxes, diffusion/spreader panels, and CTO modifier.

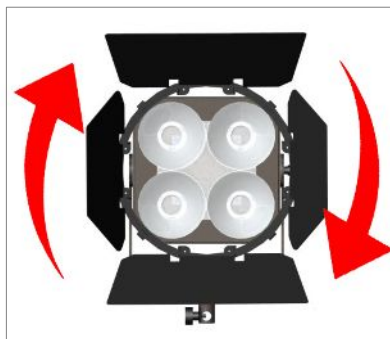

Only 6.5 Pounds

Fully Weather-Proof

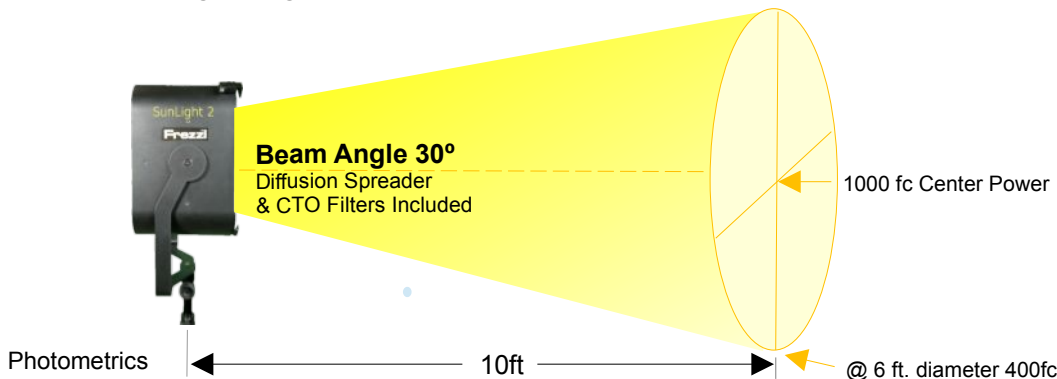

Compact & Light Weight

360° Barn-Door Rotation

Full Tilt with Barn-Door

Recessed Controls & Switches

### Sun2 K1 Fully Loaded AC/DC Kit

Discover the SunLight 2 Kit featuring the, ultra-high-output LED fixture that rivals the sun in color purity and intensity, delivering unparalleled lighting quality for your on-the-go production needs. Weighing 6.5 pounds and featuring a compact 10"x10" chassis, it's exceptionally portable.

Description	Qty	Item Number	Model
SunLight 2 LED Head	1	91735	SUN2
SunLight AC PS 220W 24VDC	1	95117	FPS-220
SunLight 2 BarnDoor	1	99036	SUN2BD
SunLight CTO and Diffusion Pack	1	99037	SUN2GP
Compact Stand 7'	1	96236	FHMS
SunLight Power Cable	1	99030	SUNPC
Stand Clamp Dual Brick Adapter	1	99031	SUNSC
Single Channel Charger for FB150	2	93950	FLC-PT
